

Remote Desktop Service for Windows

Available for employees and external tutors!

This service provides a desktop for teleworking on an external computer or private PC.

You have access to:

- Microsoft Office applications
- Online Administration (aCTIONS)
- SAP
- the personal network drive (Z:)
- the study and department network drives. (O:, P:, L:)

Remote Desktop Service connection:

- 1.) Start the Cisco AnyConnect client and connect to the FH network. For further information see <https://www.fh-joanneum.at/hochschule/services/helpdesk/vpn/>
- 2.) Start a web browser and open <https://rds.fh-joanneum.at/rdweb>.

- 3.) Enter your FH user credentials (technikum\username and password) and click on „Anmelden“.

A screenshot of the 'Work Resources' login page. The page has a blue header with the text 'Work Resources' and 'RemoteApp- und Desktopverbindung'. Below the header is a login form with two input fields: 'Domäne\Benutzername:' containing 'technikum\username' and 'Kennwort:' with masked characters. Below the form is a section titled 'Sicherheit' with a warning message in red: 'Warnung: Wenn Sie sich bei dieser Webseite anmelden, bestätigen Sie, dass dieser Computer die Sicherheitsrichtlinien Ihrer Organisation erfüllt.' At the bottom right is a button labeled 'Anmelden'.

- 4.) Click on the button „Personal“.

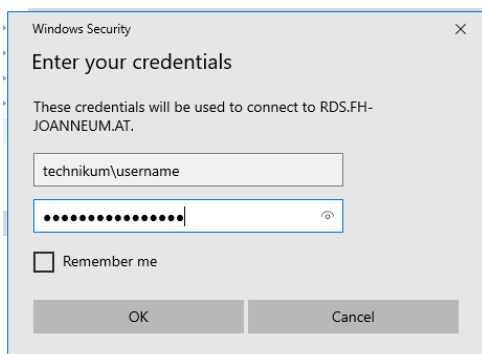

Aktueller Ordner: /

- 5.) Depending on your web browser configuration the RDP file may be opened or saved immediately or you could be asked how to proceed.

- 6.) If the file was saved, double-click it.
7.) If asked to log on enter your FH user credentials (technikum\username plus password) and click on „OK“.

- 8.) **Important!** After eight hours of inactivity the system terminates the session! Please make sure your work has been saved!
